

The image features a stylized anatomical illustration of a human back and spine. The spine is shown in a light blue/white color, with individual vertebrae and intervertebral discs clearly visible. A glowing orange and red area is positioned over the shoulder blade region, suggesting a source of pain or inflammation. The background is a dark blue gradient. In the bottom right corner, there is a white line-art illustration of a person running on a track, with motion lines trailing behind them to indicate speed.
